

MEDICAL BLISTER PACK RECYCLING FUNDRAISER

Span Community House in Thornbury is raising funds to buy Terracycle Medical Blister Pack Recycle Boxes to deal with community need.

Based on current collection data, we need to raise approximately \$3,500 and are looking for donations starting at \$20.

Blister Packs cannot be recycled through council collections and they are not on the National Recycling Scheme at this time. However, they can be recycled by specialised recyclers at a cost.

Our objectives for this project are to:

- Deliver a community solution to divert blister pack waste from landfill.
- Collect data to inform stakeholders of the scale of the issue in the community.
- Inform stakeholders of the public appetite to find a solution.
- Call for action on an ongoing free national recycling solution.
- Call for action for packaging redesign.

Can you be part of the solution?

**WE WOULD LOVE YOUR SUPPORT SO
PLEASE SHARE FAR AND WIDE!**

EMAIL CD@SPANHOUSE.ORG TO:

- CONFIRM YOUR DONATION SO WE CAN ISSUE A RECEIPT TO YOU
- REQUEST A BADGE FOR YOUR WEBSITE OR SOCIALS TO ACKNOWLEDGE YOUR CONTRIBUTION
